Please read the following rules and tips to make your big day run smooth for you and your bridal party.

All participants receiving styling services must read the following.

- Hair **MUST BE BONE DRY**. The best way to ensure this is to not wash your hair on the day of the wedding. Blow drying service (unless previously arranged) are not provided. If anyone shows up with damp hair, they will be asked to blow dry their own hair and their styling will only be completed once dry, time permitting. If we run out of time to complete a styling due to waiting for an individual's hair to dry, **that individual will still owe the entire amount due as if the styling was completed.**
- Know how you want your hair and makeup styled. Feel free to bring pictures or magazines, plus we can work together to come up with ideas!
- (For the bride) Have a picture or two from our trial available as a reference for your style.
- Often times I get ahead of schedule. **All of the girls should arrive at the contracted start time** and are ready to go ASAP rather than worry about assigning them individual start times.
- If you (or your girls) want to re-apply lipstick throughout the event (plenty of kissing at weddings!) bring your own favorite shade.
- For sanitation purposes, I use disposable wands when applying mascara. To get the best possible look though, feel free to **bring your own WATERPROOF mascara.**
- Though we won't be stopping for lunch, it is customary to feed your stylist. If you are not able to, please let me know so I can make other arrangements. (A stylist that faints does you no good.)
- **COMMUNICATE!** If you have any questions, concerns or ideas, please don't hesitate to contact me. The key to a smooth running day is communication and of course, having FUN!
